INTIMATE CELEBRATIONS AT RED HOUSE SEAFOOD NANYANG CLARKE QUAY

Weddings are made special at Red House Seafood, one of Singapore's oldest seafood restaurants. Established in 1976, we have hosted many beautiful celebrations over the years, guided by time-honoured recipes, sincere hospitality, and a commitment to doing things right.

OUR VENUE

At Red House Seafood Nanyang Clarke Quay, celebrate your special day in the heart of the city. Located within the Clarke Quay district, the venue is central, accessible, and full of character. Tucked slightly away from the main bustle, it offers a sense of privacy that is ideal for intimate celebrations.

Designed with a distinctive Nanyang character, the restaurant features a warm, contemporary dining space with rattan and timber furniture, patterned mosaics, and plant themes. The setting feels vibrant yet personal, making it well-suited for couples seeking a wedding that feels warm, intimate, and full of life.

The layout centres around a cohesive main dining hall, complemented by private rooms that can also be utilised.

OUR FOOD

Focused on the provenance, freshness, and quality of ingredients, the food at Red House Seafood showcases the best of Singapore Nanyang-style cuisine. This commitment to exceptional culinary standards is what truly sets us apart as a premier wedding venue.

Singapore Nanyang-style seafood is a style grounded in the southern regions of China, and woven through with influences from the Malay, Indian, and Peranakan traditions among others. These myriad flavours are presented with 'kung fu' finesse that require deep technical mastery and precision from our culinary team.

The dishes on the wedding menus are handcrafted and made from scratch, so as to serve up specialties that have been thoughtfully curated and skilfully prepared for your special day.

Fresh seafood is at the core of Red House Seafood menus and we take care in the responsible sourcing of ingredients from sustainable suppliers around the world; every week, shipments of seafood harvested from the boats of fishermen in the North Sea, Indian Ocean and South China sea arrive at our restaurants.
